

Geothermal Forum^{NL}

Join Geothermal Forum^{NL}
Thursday 28th May 2026

The Geothermal Forum^{NL} brings together experts, researchers, industry, and future professionals to advance the development of geothermal energy. This renewed national platform is designed to spark collaboration, accelerate knowledge exchange, and connect the people driving the future of the sustainable heat transition. Building on a respected Dutch symposium with a 19-year history, the Forum now evolves into a vibrant meeting place.

We invite your organization to be a part of this growing event!
